SCIO FIRE DISTRICT

Hot Topics 1/6/25

We have 4 members starting the Santiam Academy this Wednesday.

W2s will get mailed out soon. If you have recently moved, make sure Amy has your new address.

There are some members who have had issues with Active 911 not working on their phones. If you have had issues, let me know.

If you are newer (new within the past couple of years), go to Fire IRIS (google it) and input your name. This website shows all the certs you currently have through DPSST. Let me know if there is a disparity between what you have and what you think you should have.

In the upper right-hand corner of the alarm report, I have added the district stations. When you fill out an alarm report, please circle the station district that corresponds with the location of the alarm. You can find this info on the narrative portion of the Active alarm. We will also be making this mandatory on the incident tab of ESO.
